Art After Dark

A night to connect and celebrate art that shines a light on mental health, recovery & wellness.

A community is built to support each other. To be a solid foundation from which to grow. And to provide the means for people to take care of each other. The best part of community: It always comes through when you need it. At Commerce Bank, we've been helping build communities for more than 155 years, tackling challenges, growing businesses, serving from the heart, and doing work that matters. We're built for the long haul. We're built for taking care of each other.
